

TUGBOAT

(Baya Beach)

 THE DIVE BUS

One of Curacao's signature dive sites and a 'must-do' shore dive. Dive it by boat and you'll miss the best of it - trust us!

This is one of Curacao's most famous dive and snorkel sites. The Tugboat itself sits in just 12 feet / 3 meters of water and is absolutely teeming with marine life and corals, perfect for snorkelers as well as divers. There's also a dramatic wall and an amazing pier 'The Cathedral' to explore.

The fish are used to being hand-fed and come right up to you to grab lunch. Plenty to see, plenty of photo opps, great dive site, easy dive and perfect for non-divers too.

Cool marine life spots are almost guaranteed - seahorses, frogfish and squid love this site as much as we do!

JOURNEY TIME	SHORE ENTRY	FACILITIES	NON-DIVERS
15 mins from The Dive Bus	Easy enough but dive boots are recommended because of the coral rubble and shallow rocks.	No facilities on site.	Swim, snorkel, hangout or explore the nearby Fort Brekenburg and pretend you're a pirate...
